

Dear Schools and Churches,

At this unusual time with schools only partly open and churches closed, we've been looking at ways to encourage and build-up the children and communities we have worked with – and, of course, to bring a little bit of iSingPOP sparkle into their homes.

Therefore, we are delighted to announce the launch of the iSingPOP YouTube Channel!

Our Project Leaders are working hard preparing short videos for families to share together during this unprecedented time at home. The vlogs will contain a variety of material, all based around the songs we teach in school. This week we're focussing on the song 'We're not Alone' and next week we will be working through the Easter Story. The short vlogs will include bible stories, songs, activities and lots of fun. Please take a look at the welcome video for an introduction and a sneak peak at some of the content!

We are currently in discussions with the Church of England Education Department on how we might work together to produce a daily Collective Worship video but, in the meantime, we would be delighted if you could share the link with your community and families. We hope it can bring a little joy to many people, even in the midst of difficult times.

With love from the iSingPOP Team
