

Dear Parent/Carer,

We want to briefly introduce ourselves, Ideal School Meals, as your new school meal provider and warmly welcome you and your children to our catering service. From 6th January 2026, Ideal School Meals will provide your child's lunchtime meals.

Ideal School Meals is an independently owned business whose journey started by catering to one local primary school from a village restaurant. We now operate six Lincolnshire based kitchens and proudly provide over 75 schools with our catering service, serving over 7,000 healthy and nutritious meals every day.

We are passionate about providing high quality, healthy, and enjoyable meals that are varied and interesting. Our menus meet the national standards for school lunches, so you can be confident your child is enjoying a balanced and nutritious lunch. With a choice of four main meal options and three desserts, including a wide range of traditional and modern, child friendly dishes, we ensure that different tastes are catered for. We also provide meals for children with allergy and dietary requirements so that no child is excluded from our service. We welcome you to contact us to discuss your child's needs.

Orders are processed through our simple online ordering system. Please refer to the accompanying user guide for instructions on how to register your account. Menus will be released from Monday 8th December, and the deadline for placing orders for the first week of service will be 9:00 a.m. on Tuesday, 30th December.

The cost of a two-course school lunch is £2.60. Children who are entitled to free school meals will continue to receive their meals free of charge.

If you have any initial questions, please don't hesitate to email us at enquiries@idealschoolmeals.co.uk or call us at 01522 246424.

Kind Regards

Ideal School Meals
