Somnium is. Perceptum is. Exsisto is.

Prospectus February 2018

Dear Parents & Carers

As we approach Term 4, you will be delighted to hear that Stukeley University is set to return and that the seminars are ready for selection.

The children thoroughly enjoy taking part in their chosen seminars and gain a valuable insight into the possibilities that lie ahead with regards to future employment opportunities.

We believe that the seminars not only open our children's eyes to the many and varied career paths available to them, but also encourage the children to try new things and mix with new peers and staff.

These seminars raise pupil aspiration and promote excellent attendance and aptitude.

Please take the time to look through this new prospectus with your child and encourage them to be ambitious.

Children will complete their selection forms in school by the end of term.

Thank you to you all for your continued support.

Mr. Emery
